Press Kit

Spectra's fan base continues to grow locally and regionally due to tight unique arrangements and its ability to shift musically from genre to genre. At Spectra shows expect to hear blues, rock, blue-eyed soul, country, jazz fusion, and Latin all done with Spectra's own blend of musical colors.

Members of Spectra have shared the stage with many national and International acts. Collectively the members of Spectra bring new shades of rock and blue-eyed soul to the scene. Familiar tunes given a fresh sound and Spectra's own spin on the arrangements.
